## PRODUCT DESCRIPTION & TECHNICAL COMPOSITION

### DESCRIPTION

XtraBreeze is a naturally renewable technology that decomposes odours in carpets and upholstery. It can be used on almost any surface and can eliminate stench from waste bins and organic matter. A few sprays of XtraBreeze will leave any area fresh with a lasting fragrance without the hassle of sticky residues.

XtraBreeze promises to eliminate pet or incontinence odours as it renders ammonia neutral. Suitable for use alongside the entire Xtra Range. Please note that XtraClean must be the base applicant if you wish to combine multiple products. Not for use in food preparation areas.
